

Family Portal

Stay connected to client care with our interactive Family Portal

We are dedicated to supporting the needs of our clients and their families and we understand how stressful it can be to manage your own care or the care of a loved one.

At Classic LifeCare, we want to alleviate some of your worries by providing you with real-time transparency into client care plans and updates through our online Family Portal.

With the Family Portal, you can quickly view information and collaborate on the individualized care services that our team provides for your loved one.

How does it work?

If you're already set up with Classic LifeCare, you can visit [AlayaCare Family Portal](#) to log in.

Once you accept an emailed invitation providing you with access to the online Family Portal, you will be asked to set your password. After you set your password, you will be automatically logged into the Family Room and will be able to access and collaborate on information including, but not limited to:

Details and profiles of client care teams

Visit schedules and client activities

Family Portal

Stay connected to client care with our interactive Family Portal

Keep your loved one's profile details up to date

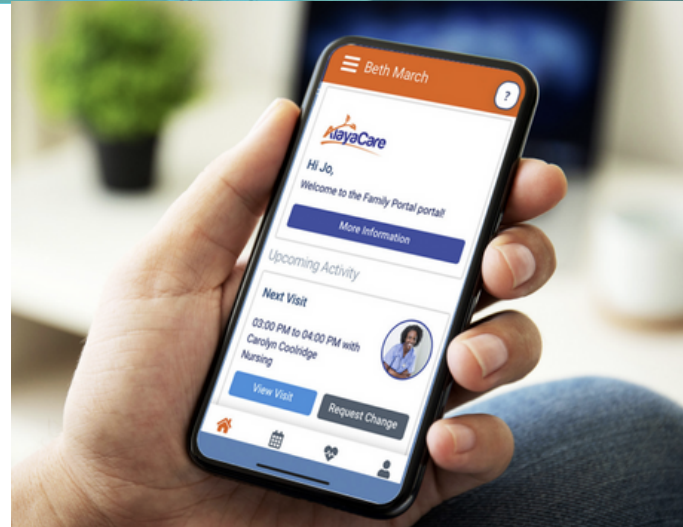

- ✓ Phone Number
- ✓ Address
- ✓ Allergies
- ✓ Invoice History
