

# Get Your Home Ready!

---

## Welcome to Classic LifeCare!

We are committed to providing helpful, compassionate, and responsive home support services. Your safety and satisfaction are our priorities, so please do not hesitate to provide feedback at any time.

## Preparing Your Home for Support Services

To ensure a safe and smooth service experience, it's important to prepare your home before our team arrives. The risk of accidents or misplaced items increases when caregivers perform tasks in an unfamiliar environment, especially without precautions.

---

## ***Recommended Precautions Before Receiving Housekeeping Services***

---

### **1 Safeguard Valuable and Fragile Items**

- Please store or secure all valuable and fragile items to prevent any damage.

---

### **2 Review Your Home Insurance Policy**

- Verify that your insurance covers any outside cleaning services for your peace of mind

---

### **3 Catalogue and Store Fragile Items**

- Make an inventory of fragile or valuable items and store them if possible.

---

### **4 Accompany Caregiver on a Walkthrough**

- Walk through your home with the caregiver to point out fragile items or items that should not be touched.
- 

## ***Liability and Risk Management***

Classic LifeCare and our workers cannot control many risks associated with your home environment. Taking these precautions helps minimize the chance of accidents or damages.

**Important Note:** Unfortunately, Classic LifeCare cannot take responsibility for mishaps or damages that occur during our services.
